Report on Single Audit of the Metropolitan Atlanta Rapid Transit Authority, Atlanta, GA
Self-Initiated

Federal Transit Administration | SA2018034 | March 13, 2018

What We Looked At

As part of our single audit program oversight responsibilities, we queried the Federal Audit Clearinghouse's Image Management System to identify single audit reports containing findings that affect directly awarded Department of Transportation (DOT) programs. We reviewed the Metropolitan Atlanta Rapid Transit Authority's single audit report for the period ending June 30, 2017, which was prepared by an independent auditor.

What We Found

We found that the single audit report contained a significant finding related to non-compliance with Office of Management and Budget's (OMB) requirements that needs prompt action from the Federal Transit Administration's (FTA) management.

Recommendations

We recommend FTA ensures that the Authority complies with OMB's requirements.
