Report on a Single Audit of the
City of Long Beach, Long Beach, NY

Report No. SA2019038
March 26, 2019
What We Looked At
We reviewed the City of Long Beach's single audit report for the fiscal year ending June 30, 2017, in order to identify findings that affect directly awarded Department of Transportation programs. An independent auditor prepared the single audit report, dated November 9, 2018.

What We Found
We found that the report contained an allowable costs/cost principles finding that needs prompt action from the Federal Transit Administration’s (FTA) management.

Recommendations
We recommend that FTA ensures that the City complies with the allowable costs/cost principles requirements. We also recommend that FTA recovers $1,656 from the City, if applicable.
Memorandum

Date: March 26, 2019

Subject: ACTION: Report on a Single Audit of the City of Long Beach, Long Beach, NY | Report No. SA2019038

From: George E. Banks, IV
Program Director

To: Regional Administrator, Federal Transit Administration (FTA), Region 2

The Office of the Inspector General performs oversight of non-Federal auditors’ single audit\(^1\) reports and issues memoranda listing significant findings and recommendations requiring action by the Department of Transportation (DOT). When warranted, we also recommend that agencies recover funds that were inappropriately expended by non-Federal entities. Between 300 and 400 single audits reports are issued annually that include findings related to major programs directly funded by DOT.

We obtained the City of Long Beach’s single audit report for the fiscal year ended June 30, 2017 from the Federal Audit Clearinghouse’s Image Management System.\(^2\) An independent auditor performed the audit in accordance with generally accepted Government auditing standards and the Office of Management and Budget’s Uniform Guidance\(^3\) and issued a report\(^4\) dated November 9, 2018. See the table for the independent auditor’s finding and our recommendations.

\(^1\) A single audit, as required by the Single Audit Act of 1984, as amended, helps Government agencies and auditors oversee the expenditure of Federal funds by non-Federal entities.

\(^2\) The Federal Audit Clearinghouse Image Management System is a public database of completed single audits—http://harvester.census.gov/facweb/—maintained by the U.S. Census Bureau on behalf of OMB.

\(^3\) Under Title 2 of the Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), the auditor is required to render an opinion on the entity’s financial statements, identify inappropriate use of Federal funds, and report internal control and compliance deficiencies that affect Federal grant programs.

\(^4\) Copies of single audit reports are available at the Clearinghouse’s website, https://harvester.census.gov/facweb/.
Within 30 days of this report, your Agency should identify specific actions planned or taken to resolve\(^5\) the independent auditor’s finding, and provide a target action date for implementation of our recommendations. We will track the recommendations until your Agency provides documentation of final action. We will consider the recommendations closed upon our review and concurrence. All actions should be coordinated through your Agency’s Single Audit Liaison. If you have any questions, please email them to singleauditrequest@oig.dot.gov.
