Report on a Single Audit of the Commonwealth of Pennsylvania, Harrisburg, PA

FHWA
Report No. SA2019076
September 17, 2019
What We Looked At
We reviewed the Commonwealth of Pennsylvania’s single audit report for the fiscal year ending June 30, 2018, in order to identify findings that affect directly awarded Department of Transportation programs. An independent auditor prepared the single audit report, dated March 19, 2019.

What We Found
We found that the report contained a subrecipient monitoring finding that needs prompt action from the Federal Highway Administration’s (FHWA) management.

Recommendations
We recommend that FHWA ensures that the Commonwealth complies with the subrecipient monitoring requirements.

The Office of the Inspector General performs oversight of non-Federal auditors’ single audit\(^1\) reports and issues memoranda listing significant findings and recommendations requiring action by the Department of Transportation (DOT). When warranted, we also recommend that agencies recover funds that were inappropriately expended by non-Federal entities. Between 300 and 400 single audit reports are issued annually that include findings related to major programs directly funded by DOT.
