Report on a Single Audit of the Metropolitan Council of the Twin Cities Area, St. Paul, MN
What We Looked At
We reviewed the Metropolitan Council of the Twin Cities’ single audit report for the fiscal year ending December 31, 2017, to identify findings that affect directly awarded Department of Transportation programs. An independent auditor prepared the single audit report, dated June 18, 2018.

What We Found
We found that the report contained a special tests and provisions finding that needs prompt action from the Federal Transit Administration’s (FTA) management.

Recommendations
We recommend that FTA ensures that the Council complies with the special tests and provisions requirements.

The Office of the Inspector General performs oversight of non-Federal auditors’ single audit\(^1\) reports and issues memoranda listing significant findings and recommendations requiring action by the Department of Transportation (DOT). When warranted, we also recommend that agencies recover funds that were inappropriately expended by non-Federal entities. Between 300 and 400 single audits reports are issued annually that include findings related to major programs directly funded by DOT.

We obtained the Metropolitan Council of the Twin Cities’ single audit report for the fiscal year ended December 31, 2017 from the Federal Audit Clearinghouse’s Image Management System.\(^2\) An independent auditor performed the audit in accordance with generally accepted Government auditing standards and the Office of Management and Budget’s Uniform Guidance\(^3\) and issued a report\(^4\) dated June 18, 2018. See the table for the independent auditor’s finding and our recommendation.
