**Report on a Single Audit of the
City of Atlanta, Atlanta, GA**

OST

Report No. SA2018084

September 10, 2018

Report on a Single Audit of the City of Atlanta, Atlanta, GA

Self-Initiated

Office of the Secretary of Transportation | SA2018084 | September 10, 2018

What We Looked At

We reviewed City of Atlanta's single audit report for the fiscal year ending June 30, 2017, in order to identify findings that affect directly awarded Department of Transportation programs. An independent auditor prepared the single audit report, dated March 29, 2018.

What We Found

We found that the report contained reporting and subrecipient monitoring findings that need prompt action from the Office of the Secretary's (OST) management.

Recommendations

We recommend that OST ensures that the City complies with the reporting and subrecipient monitoring requirements.

Memorandum

Date: September 10, 2018

Subject: ACTION: Report on a Single Audit of City of Atlanta, Atlanta, GA | Report No. SA2018084

From: George E. Banks, IV
Program Director

To: Deputy Assistant Secretary for Policy, Office of the Secretary of Transportation (OST)

The Office of the Inspector General performs oversight of non-Federal auditors' single audit¹ reports and issues memoranda listing significant findings and recommendations requiring action by the Department of Transportation (DOT). When warranted, we also recommend that agencies recover funds that were inappropriately expended by non-Federal entities. Between 300 and 400 single audits reports are issued annually that include findings related to major programs directly funded by DOT.

We obtained City of Atlanta's single audit report for the fiscal year ended June 30, 2017, from the Federal Audit Clearinghouse's Image Management System.² An independent auditor performed the audit in accordance with generally accepted Government auditing standards and the Office of Management and Budget's Uniform Guidance,³ and issued a report⁴ dated March 29, 2018. See the table for the independent auditor's findings and our recommendations.

¹ A single audit, as required by the Single Audit Act of 1984, as amended, helps Government agencies and auditors oversee the expenditure of Federal funds by non-Federal entities.

² The Federal Audit Clearinghouse Image Management System is a public database of completed single audits—<http://harvester.census.gov/facweb/>—maintained by the U.S. Census Bureau on behalf of OMB.

³ Under Title 2 of the Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), the auditor is required to render an opinion on the entity's financial statements, identify inappropriate use of Federal funds, and report internal control and compliance deficiencies that affect Federal grant programs.

⁴ Copies of single audit reports are available at the Clearinghouse's website, <https://harvester.census.gov/facweb/>.

Within 30 days of this report, your Agency should identify specific actions planned or taken to resolve⁵ the independent auditor's findings, and provide a target action date for implementation of our recommendations. We will track the recommendations until your Agency provides documentation of final action. We will consider the recommendations closed upon our review and concurrence. All actions should be coordinated through your Agency's Single Audit Liaison. If you have any questions, please email them to singleauditrequest@oig.dot.gov.

DOT Appointee for Single Audits
DOT Single Audit Liaison

⁵ Pursuant to DOT Memorandum, *Policy and Procedures for Expediting Action on Single Audit Report Recommendations* (2009).

Table. Independent Auditor’s Findings and OIG Recommendations

Independent Auditor’s Finding Numbers	Independent Auditor’s Findings	OIG Recommendation Codes ^a	OIG Recommendations
2017-003 ^b	Non-compliance with the reporting requirements.	A1	We recommend that OST ensures that the City complies with reporting requirements.
2017-004 ^b	Non-compliance with the subrecipient monitoring requirements.	B2	We recommend that OST ensures that the City complies with subrecipient monitoring requirements.

^a We internally assign these codes and use them to track recommendations. We have included them as a convenience to the Department when responding to this report.

^b Caused a qualified opinion on the National Infrastructure Investments program.
