Report on a Single Audit of the Middletown Transit District, Middletown, CT

Self-Initiated

Federal Transit Administration | SA2018100 | September 12, 2018

What We Looked At
We reviewed the Middletown Transit District’s single audit report for the fiscal year ending June 30, 2017, in order to identify findings that affect directly awarded Department of Transportation programs. An independent auditor prepared the single audit report, dated July 10, 2018.

What We Found
We found that the report contained a procurement and suspension and debarment finding that needs prompt action from the Federal Transit Administration’s (FTA) management.

Recommendations
We recommend that FTA ensures that the District complies with the procurement and suspension and debarment requirements.

The Office of the Inspector General performs oversight of non-Federal auditors’ single audit\(^1\) reports and issues memoranda listing significant findings and recommendations requiring action by the Department of Transportation (DOT). When warranted, we also recommend that agencies recover funds that were inappropriately expended by non-Federal entities. Between 300 and 400 single audits reports are issued annually that include findings related to major programs directly funded by DOT.

We obtained the Middletown Transit District’s single audit report for the fiscal year ended June 30, 2017, from the Federal Audit Clearinghouse’s Image Management System.\(^2\) An independent auditor performed the audit in accordance with generally accepted Government auditing standards and the Office of Management and Budget’s Uniform Guidance,\(^3\) and issued a report\(^4\) dated July 10, 2018. See the table for the independent auditor’s finding and our recommendation.
