Dishonest contractors think you aren’t checking the bills…

Materials Overcharging

Under this fraud scheme, a contractor misrepresents how much construction material was actually used on the job and then is paid for excess material to increase job profit.

Selected “Red Flag” Indicators of Materials Overcharging

✓ Discrepancies between contractor-provided quantity documentation and observed data, including yield calculations
✓ Refusal or inability to provide supporting documentation
✓ Contractor consistently loading job materials into equipment away from inspector oversight
✓ Truck weight tickets or plant production records with altered or missing information
✓ Photocopies of quantity documentation where originals are expected
✓ Irregularities in color or content of weight slips or other contractor documents used to calculate pay quantities
✓ No receiving report for invoiced goods
✓ Unusually high volume of purchases from one vendor
✓ Invoiced goods cannot be located in inventory or accounted for
